ANN ARBOR, Mich. - 1-800 WATER DAMAGE announced it has recently been named to Entrepreneur's 2021 Top Franchises for Veterans list.

To be placed on this list, Entrepreneur invites companies to participate in a survey designed to help learn more about their veterans' programs. From there, Entrepreneur developed its ranking of the top 150 franchises for veterans, considering each company's veteran incentive, how veteran franchisees are attracted to and supported by the company, and how each company scored in the 2021 Franchise 500.

"Veterans are important to us, and we want to make sure they are treated with respect in our franchise system for the sacrifices they have made," said Tim Fagan, President of 1-800 WATER DAMAGE. "Often, veterans have many of the characteristics that we look for in a franchisee - hardworking, able to follow a system, and a desire to help others. All of these are essential in our business."

Earlier in the year, Entrepreneur also ranked 1-800 WATER DAMAGE in the top 200 of its annual "Franchise 500" list that evaluates companies' costs and fees, size and growth, support, brand strength, and financial strength and stability. Each franchise is given a cumulative score based on an analysis of more than 150 data points, and the 500 franchises with the highest cumulative scores become the Franchise 500® in rank order.
